

# Quick start guide

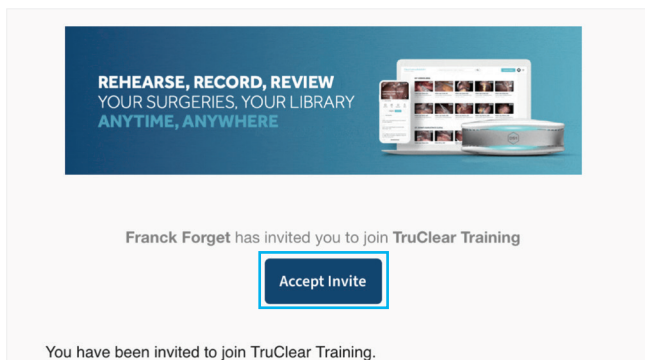

## Training tools with Touch Surgery™ Professional

### TruClear™ System Set-up Instructions

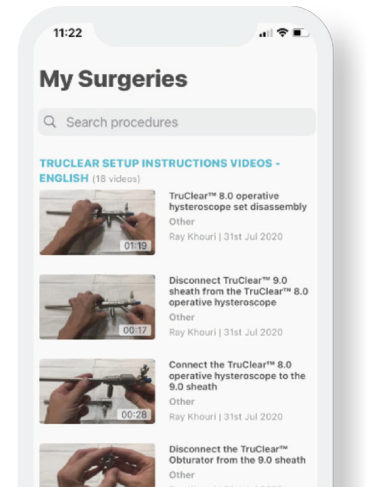

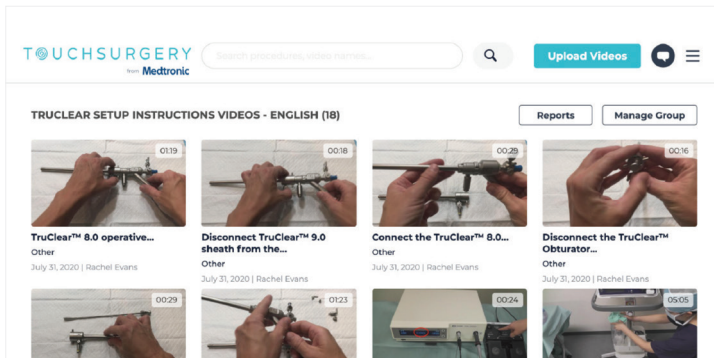

- 1 On your device, go to the Play Store or App Store. **Search 'Touch Surgery'**, and **download** the app. You can also scan this QR code to go to the download page directly.

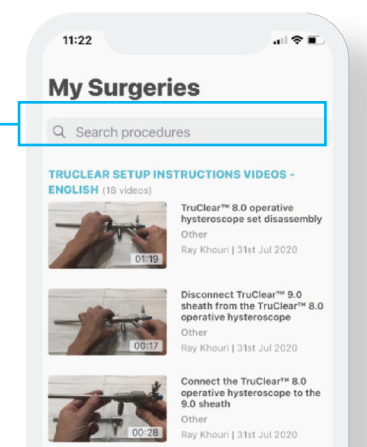

- 2 **Check your email inbox** for an invitation to join the TruClear training group. Click **'Accept Invite'**. This redirects you to the mobile app or the web platform on desktop. **Create an account** with your **email address** and follow the instructions on the page.

- 3 After accepting to join the training group, you will then receive a second email, giving you access to curriculum assigned to you where all the videos are.. You can come back to this space anytime by tapping **'My Surgeries'** on the app or on desktop by going to [www.touchsurgery.com/mysurgeries](http://www.touchsurgery.com/mysurgeries)

- 4 Select the video you wish to start training on. If you can't find the right video, try typing **keywords** into the **search bar**.

- 5 You can view a video in **'analytics'** or **'workflow'** mode. In workflow mode, you can see the written instructions matched to video time stamps. These instructions are overlaid on the video if played full-screen. You can hide the instructions if you prefer.

## Troubleshooting

**"I hit a paywall."** Your invitee may encounter a payment page when attempting to access <https://www.touchsurgery.com/users/login>. This is a known issue. Please discuss with your Medtronic contact who provided you with this Touch Surgery Start Guide to address the issue.

**"I've encountered a different problem."** For any other problems, please email [customer.care@touchsurgery.com](mailto:customer.care@touchsurgery.com)
